CILEx Regulation - who we are

Purpose of consultation and key themes

Do you support the present system of independent regulation for CILEX professionals?

What are your views on our plans to:

- put proposals to CILEX to reshape the way the PCF is calculated?
- modernise the relationship between CILEX and CRL?
- simplify the way people can start a law firm – our “CRL Law Firm in a Box” proposal?
- ensure education requirements reflect the specialist needs of CILEX practitioners?
- increase efforts to champion the importance of CILEX professionals?

Where do we go from here?

- 26 June 2023 - end of the consultation period, we will review and analyse responses.
- 12 July – CRL Board meets to review responses and finalise our proposals for change.
- Mid July - CRL to publish summary of responses and proposals for change.
- Late July - CILEX to publish a consultation on SRA's proposals and CRL's proposals (probable 3 month consultation)
- Late November - CILEX and CRL to agree way forward and make proposals for any rule changes to Legal Services Board.
- LSB take up to 3 months on any rule change application.

Thank you for your questions and contributions today.

The issues raised are fundamental to the future of regulation and we value your views
